

Do-Not-Answer

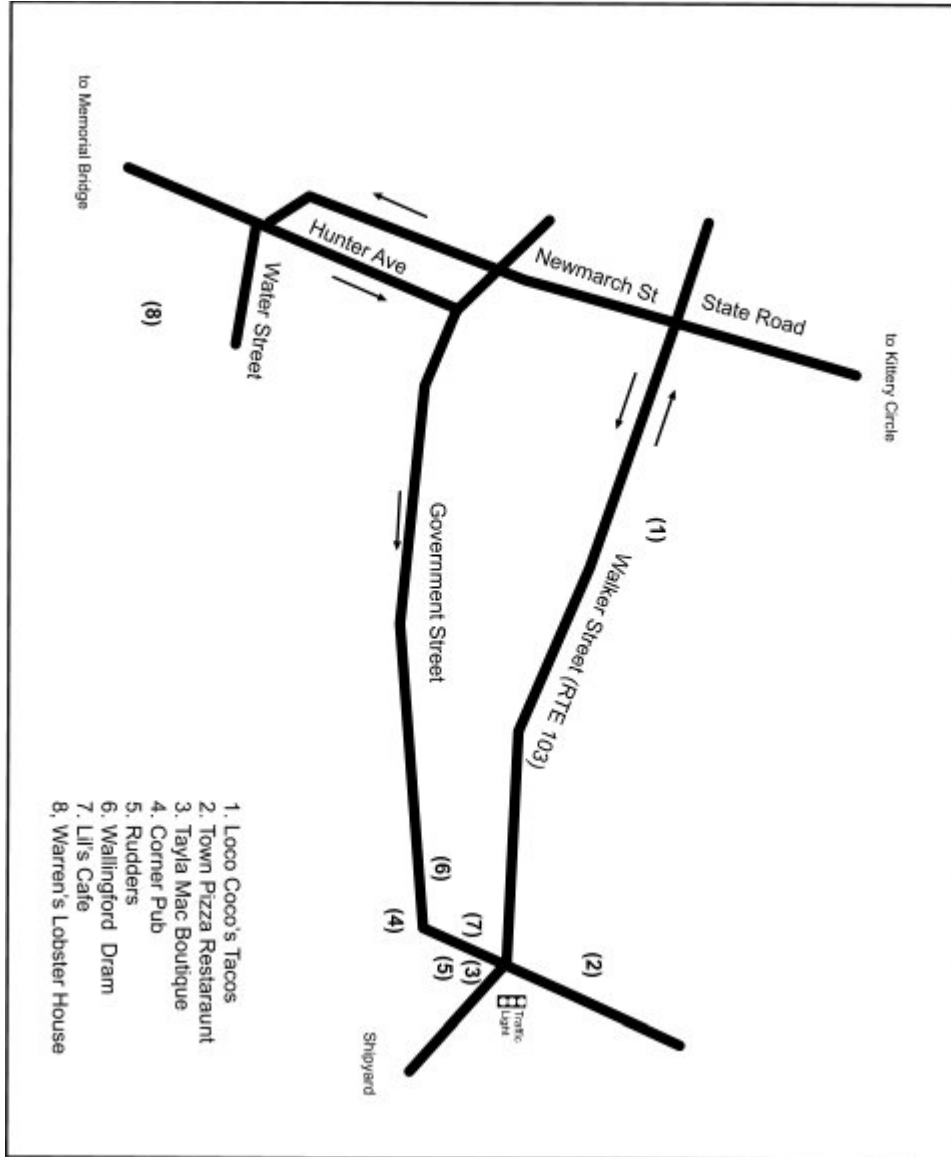

Big news for local residents who want to work (for) .. FROMHOME. . FROMHOME is a new corporate identity which allows people to interact with their social network in a positive and meaningful way, while working!

The new offshoot company is a First In The Nation... Do Not Call Center.. you have all heard about Call centers..leading employer career platforms... but now there is unlimited opportunity with the Do Not Call center. To become an employee you simply go "online" and register. Payments are made by the number of calls you "Do Not receive. First of all it eliminates the need for smart phones. You simply ask for a land line and register on the.. do not call list. Most likely the people who contact you are from top sales companies selling vacuum cleaners, who miraculously have a sales rep in your area at a time they pressure you to agree to, for a free demonstration.

Other than those people.. you might get calls from medicare, alluring tax probe analysts, and anyone else who can't read the words...**Do Not Call.**

The online registration provides a rigorous test for the applicants. So far no one has been able to complete the form; but the President and founder of the Do Not Call Center stated..."We remain hopeful". He went on to state.. we expect about 4 million people to register online next year; simply based on the efficacy of the job itself. .. He also pointed out that FROMHOME has purchased all the land line

phones from the 80s like the Merlin system that has glow in the dark buttons. The president and founder went on to say, "we've got a heck of a deal once we understood that land lines were abandoned, so we raised a billion and a half in lo tech stock options that were bundled in with other weird stock options..all based the "price of tea in China" ..

Registration fees are based on the the individual circumstances but FROMHOME is totally an equal opportunity employer and has received the Lifetime Service Award. Please consider registering today!!!
