Good news for GEEBs. GENetically Engineered Babies.!@ The original format has been found ..and all of you..meaning ..all of us ... GEEBs.. who were secretly adopted into families and never told growing up. that we were engineered.. "for a life of ease".... because we were swapped with the real family member born and " they" were never told...

It turns out that it was a test... that certain families were told and were given the option to keep the " real" kid or accept the GEEB and move forward knowing what they did. Others were simply not told and were sent home unknowingly with their GEEB and no one really knows what happens to the real kid.

Unreal huh? Well it turns out rather too real as the group of knowing GEEBs became yuppies and ushered in the new world of passive wealth and success. The unknowing GEEBs set forth in an endless struggle with nothing ,...but were always ok and happy because they were engineered to be that way. The results were finally published just yesterday in a magazine called Genum U...

The report starts out... we are done with our study. Please read the Genum U chart for your birth date, social number, etc etc to see if you are an engineered baby.. or GEEB!

		Initial of Last Name

		Initial of Middle Name

N = NOT a GEEB															
Y = Definite Maybe															
Example: if Initials are ABC then from first table A and C are in first row first column and is 1															
Then go to table 2 row 1, B is in First Column which is Y. Definite Maybe															

Of course once finding ones name it all makes sense... so Viva Kittery is publishing the number to Genum U.. 1 800 MEANTFORLIFE OF EASE... but was never told..

Indicating you are one the GEEBs who didn't " know"!.. If you also find that you are a GEEB who didn't know it might help you understand that " itching for success" feeling, that " hoping to win the lottery" idea, and the overall idea that "you should have been someone".... finding your name published in Genum U will answer a lot of your questions.

If this gives you the he-be-gebes then don't look..but we think you should know if your name is on the list and just never knew you were engineered for a life of ease. so we published this announcement...
